1 Training Facilities & Requirements Onsite

Instructor-led training from Netcall is either delivered on customer premises or via Netcall's online GoToTraining platform. The training facilities below detail the requirements to ensure successful training delivery in both instructor-led learning environments. For training to be effective a training suite/room capable of hosting I.T. training is preferred with the following:

- One computer per learner connected to the organisation network.
- One computer for the trainer connected to the organisation network.
- Every computer must have Internet access and able to access Netcall's Liberty training environment here: <https://libertytrain4.netcall.com>.
- A digital projector or SMART board, television or large screen connected to the trainer machine.
- White board or flip chart.
- A suitable space to sit delegates for an extended period of time.
- Telephones with DDI access (ideally with speaker phone capability).

If a training suite/room is not attainable the following must be supplied as a minimum in any room used:

- One computer for the trainer connected to the organisation network.
- The one computer must have Internet access and able to access Netcall's Liberty training environment here: <https://libertytrain4.netcall.com>.
- A digital projector or SMART board, television or large screen connected to the trainer machine.
- White board or flip chart.
- A suitable space to sit delegates for an extended period of time.
- Telephones with DDI access (ideally with speaker phone capability).

2 Training Facilities & Requirements for Online using GoToTraining Platform

For training to be effective each learner should have:

- Access to the GoToTraining remote instructor-led training session from their own computer.
- Access to a telephone to dial into the audio or a computer and suitable headset/microphone device to enable audio streaming.
- Have tested their connectivity and computer compatibility by following the computer test link here: <https://support.logmeininc.com/gotomeeting/get-ready>
- Be situated in a suitable space for an extended period of time.

3 Liberty Converse Contact Centre Email Administration

Duration: ½ day

Course Overview

The objective of the Contact Centre Email Administration course is to explore the range of E-mail related system-wide settings and configuration options.

Target Audience

The course is aimed towards staff who will be Liberty Converse system administrators.

Course Outcomes

By the end of the session learners will have a firm understanding of E-mail routing and templates will also be derived.

Prerequisites

Attending learners are advised to attend both the Liberty Converse Contact Centre Agent with E-mail and Contact Centre Management with E-mail onsite or e-learning training courses.
